ghost hunting at smithills hall

It is estimated that 1 billion people in the world do not have access to safe drinking water. For example the people in the Machakos District of Kenya really need relief from their water problems. They have to walk up to six miles a day to collect water and firewood and during severe droughts they may have to walk up to 18 miles a day in search of water.

Excellent Development, a registered charity, builds small-scale dams to help 1,000 people get a clean, regular water supply. It costs £5,000 to build each dam - and at just £5 per person it's the cheapest known way to provide water for people in semi-arid Africa. Crises

***If you want Excellent Development Limited to treat the donation you have made as a Gift Aid donation, thereby earning an extra 28% income for them, please tick the gift aid box. You must pay an amount of UK Income Tax and/or UK Capital Gains Tax in the tax year at least equal to the tax that the charity reclaims on your donations in the tax year (currently 28% of your net donation).**
