

## Is the development Excellent Development supports appropriate?

Here are some of the factors that help make aid effective. Discuss with a partner which ones you think Excellent Development fulfils and give them a mark out of ten for sustainability:

- It goes to the people who need it most
- It provides value for money
- It does not damage the environment
- Local people are involved in the decision making
- Local people are involved in implementing the project
- The projects are small scale
- People have the skills to use the aid
- The aid uses simple technology
- The aid does not damage the culture of the people who receive it
- The aid is sustainable – it meets the needs of the people without compromising their future needs

Mark out of 10

Which of the above promote ownership and why is this important?

Which of the above help people avoid dependency and how?
